Industrial

PE-4200-L
WELD FLUX CHIPPER

PE-4200-LNS
NEEDLE SCALAR

Weld Flux Chipper / Needle Scalar

Model	Blows per min.	Approx. Weight	Overall Length	Air Inlet NPTF	Type of Handle	Standard Equipment
		kgs	mm	inch		
PE-4200L	4200	2	257	Rc 1/2"	Straight	-
PE-4200LNS	4200	3.1	450	Rc 1/2"	-	One set of 19 hardened alloy steel needles, Ø 5 mm

PE-1500
RIVETER

PE-720
RIVET CUTTER / BUSTER

Heavy Duty Riveters / Rivet Cutters

Model	Riveting Capacity in Steel (hot)	Blows per min.	Weights include Retainer	Overall Length	Air Inlet NPTF	Type of Handle	Standard Equipment
	mm		kgs	mm	inch		
PE-1500-PUBAR (BOYER 50)	20	1500	9.2	430	Rc 1/2"	Pistol Grip	Snap clip retainer
PE-1320-PUDAR (BOYER 60)	24	1320	10.0	470	Rc 1/2"	Pistol Grip	Snap clip retainer
PE-1200-PUGAR (BOYER 80)	30	1200	10.8	523	Rc 1/2"	Pistol Grip	Snap clip retainer
PE-720-PULER (BUSTER)	27	720	15	660	Rc 1/2"	Pistol Grip	Chisel retainer 2 Nos. Rubber bumpers

Hoists

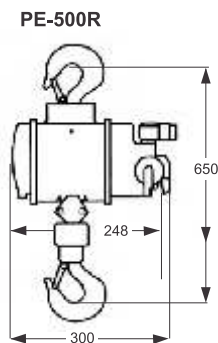

PE500/1000 series high speed Air Hoists are portable & light weight. These hoists have been conceived for a broad range of applications covering fast moving production operations in hazardous environments, applications where space is limited for material handling, production and assembly operations in medium to heavy duty manufacturing. These hoists are built to stay on the job even under the toughest working conditions.

Model	Rated Capacity	Lifting Hook Speed	Lift Hook Travel	Weights include Bucket	Air Inlet NPTF	Type of Control
	kgs	m/min	m	kgs	inch	
PE-500	500	15.3	4.6	24	3/8"	Pull Cord
PE-500 R	500	15.3	4.6	27	3/8"	Pendent
PE-500-30	500	15.3	9	33	3/8"	Pull Cord
PE-1000	1000	6.4	4.6	30	3/8"	Pull Cord
PE-1000 R	1000	6.4	4.6	33	3/8"	Pendent

Air Hoist Accessories	Stock Code	For Hoist Capacity	Suitable for I Beam	Description
Trolley		Kgs.	mm	
PE-500/1000	V6408933	1000	125 to 170	Trolley
	V6401931	500	80 TO 140	TR

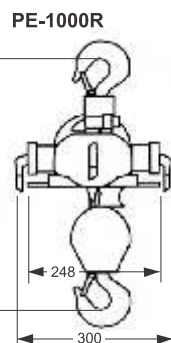

Standard Equipment : Latch hooks, built-in lubricators, air strainer, exhaust muffler, chain bucket.

Note : a) Lifting hook speed is at rated capacity.

Length upto bucket

All dimensions in mm

PE-1000
AIR HOISTS

Note : Chain & Buckets for extra chain length will be optional at additional cost as applicable.

Grinders

PE offers the widest range of grinders and sanders to cater to a variety of applications from surface finishing die contouring and repairs to heavy duty grinding. Every tool is built with the highest quality materials to ensure the tool delivers the extra mile.

PE-35000
MINI DIE GRINDER

PE-21000
DIE GRINDER

PE-5800-B
HEAVY DUTY GRINDER

PE-850
RAMMER

Features

PE Grinders have all the advantages of advanced ergonomics... With the features required to enhance the physical and mental well-being of operators, to achieve increased productivity levels.

- **High power motor** – maintains high speed under load.
- **Heat treated internal parts** – for longer life & lower maintenance costs.
- **Rugged construction** – to withstand tough use.
- **Easy to service** – enhances uptime of tools.

Die Grinders

Model	Free Speed rpm	Spindle Thread Size	Collet Capacity mm	Wheel Capacity ø x Width	Approx. Weight kgs	Overall Length mm	Air Inlet NPTF inch
PE-35000	35000	-	6	-	0.6	124	Rc 1/4"
PE-21000	21000	M10	6	-	1.8	317	Rc 3/8"
PE-6000	6000	M16		150 x 25	6.2	535	Rc 1/2"
PE-5800 B	5800	M16		150 x 25	7.4	550	Rc 1/2"

Rammers & Hammers

PE offers one of the most comprehensive range of hammers available today. These are powerful and versatile most suited for chipping, riveting and rivet cutting. PE rammers ensure more uniform sand compaction in the mould increasing productivity in foundries. So whether you need to rivet or chip, cut or clean, you will find the tool you need in PE's power packed range.

PE-75H
CHIPPING HAMMER

PE-800-LYRA
SAND RAMMER

Heavy Duty Chipping Hammers / Sand Rammers

Model	Blows per min.	Stroke mm	Approx. Weight kgs	Overall Length mm	Air Inlet NPTF inch	Type of Handle	Standard Equipment
PE-25H	2700	25.4	5.5	290	Rc 1/2"	Pistol Grip	
PE-50H	2400	50.8	6.0	327	Rc 1/2"	Pistol Grip	
PE-75H	1920	76.2	6.5	378	Rc 1/2"	Pistol Grip	
PE-850	850		4.8	475	Rc 1/4"	Straight	63.5 mm dia. rubber butt
PE-800	800		11.8	1156	Rc 3/8"	Straight	73.0 mm dia steel butt
